

**REMARKS**

This Preliminary Amendment corrects a minor informality in chemical formula (30) which occurred during the translation from Japanese to English. The atom binding  $R^{74}$ ,  $R^{75}$ , and  $R^{76}$  should be N, not C, in order to conform to the compound expressed for formula 30 at page 68, line 1, as (alkyl)aminoalkylbenzobenzo-triazoles. This amendment adds no new matter because it makes the formula correspond to the stated compound.

Respectfully submitted,
